**Subject: FORMAL REQUEST TO REPLACE NOA FOR THE 570 CRESPI DRIVE PROJECT IN PACIFICA, CA (SCH# 2021120126) WITH UPDATED VERSION THAT INCLUDES AN EXTENDED PUBLIC REVIEW PERIOD AND AN UPDATED DOCUMENT LINK**

Dear State Clearinghouse Staff:

The City of Pacifica is the Lead Agency for the 570 Crespi Drive Project (proposed project). This letter is to inform you that the Notice of Availability (NOA) prepared for the proposed project has been slightly updated to include an extended public review period. In addition, the link to the City's online page hosting the Draft Environmental Impact Report (DEIR) within the NOA was updated to replace an outdated link. These are minor administrative revisions to the NOA to ensure that the State Agencies are provided ample time and resources to review the document. No changes to the proposed project have been made, and the minor revisions do not affect the analysis of the DEIR.

In addition, the Notice of Completion (NOC) prepared for the proposed project has been updated to reflect the extended public review period.

The City would like the revised NOA and NOC replaced with the slightly updated versions to ensure State Agencies are aware of the extended public review period and correct link to the DEIR.

Please let me know if you need anything further in order to process this request.

Sincerely,

Brianne Harkousha  
Community Development Deputy Director  
City of Pacifica Community Development Department
