

**Notice of Intent to Adopt
Negative Declaration
Sierra County 2025 Regional Transportation Plan**

The proposed project is the adoption and implementation of the 2025 Sierra County Regional Transportation Plan (RTP). The 2025 Sierra County Regional Transportation Plan will serve as the planning blueprint to guide transportation investment in the county involving local, State, and Federal funding over the next 20 years. The project area consists of the entire County of Sierra. Each project identified in the 2025 RTP contributes to system preservation, capacity enhancement, safety, and/or multimodal enhancements. This RTP focuses on developing a coordinate and balance multimodal regional transportation system that is financially constrained to the revenues anticipated over the life of the plan (2045). The analysis in this initial study found no impacts that are anticipated to be potentially significant on a regional system-wide level.

The Sierra County Transportation Commission (SCTC), as the designated Regional Transportation Planning Agency (RTPA), is required by State law to prepare the RTP and transmit it to the California Department of Transportation (Caltrans) every four years. The RTP is required to be developed as per State legislation, Government Code §65080 et seq. of Chapter 2.5. The last full Sierra County RTP update was adopted in 2020.

The public hearing will be held during the regular meeting of the Sierra County Transportation Commission on July 23, 2025, at 10:00 AM. The meeting will be held at the Sierraville School, located at 305 South Lincoln, Sierraville, CA 95936. The meeting can also be attended via Teams or by phone. This information can be accessed through the agenda, which will be posted at <https://www.sierracounty.ca.gov/agendacenter> under Transportation Commission agendas. Written comments to be included in the administrative record of the proceedings may be submitted in advance of the public hearing to Nathaniel Redmond, Project Manager, nathaniel@greendottransportation.com, (530) 492-9775.

This document has been filed with Sierra County Department of Public Works and is available for inspection and review at:

Sierra County Public Works
